11) I do not think anything this kind is necessary.

12) Mr. Anantharamia is already an officer of the Deptt. & he is now being asked to do this work — which is merely the remedying of defects, and the systematization of work previously attempted, and not done satisfactorily. With the issue of an order will merely advertize the mistakes & deficiencies, & lead to more criticisms —

ORDER NO.SD.

DATED, BANGALORE, ...Aug.1943

At the time of introduction of Rationing in Bangalore City, a Census of the families and inmates was taken through the agency of the Municipal employees and A.R.P. Volunteers etc. But the statistics collected through this agency showed the number of families and population of Bangalore City to be much in excess of the declared census statistics of 1941. ~~While Ration Cards were issued on the basis of the figures collected through the Municipal and A.R.P. agencies,~~ it was considered necessary to issue a notification under the Defence of India Rules calling upon the house-holders to submit declarations furnishing information regarding the members composing the families. The Deputy Commissioner, Bangalore, issued the necessary notification, calling for the said declarations. In order to enable the people to understand the implications of failure to furnish the declarations, especially the illiterate ~~people~~,

two clerks, one on Rs.90/- p.m. and ~~the other~~ another on Rs.60/- p.m. for a period of one month in the first instance. The appointments should be made from among officials in service.
